Subject: Zilker Park Train - AULCC Waiver?

*** External Email - Exercise Caution ***

Good Morning Mr. Lewallen,

The Zilker train is returning! We are working with PARD and the Park Foundation to get the tracks reinstalled under a General Permit. The only difference from the old alignment will be that there will be a turn-around at Lou Neff Point (see attached PDF). We have already been in discussions with Street & Bridge and Austin Energy, so would this work qualify for a waiver from AULCC for a General Permit?

** Please note I will be out of the office on 12/11; and 12/24 through 1/1 **

** Please note my revised work hours are 5-7, 9-2:30, then 4-6. I apologize for any inconvenience this may cause. **

Dunaway employees are working remotely in accordance with national and local COVID-19 control measures. In 2018, we restructured our whole company to better manage multiple offices, geographies, and services. As a result, we are able to collaborate and leverage resources throughout the company regardless of physical location. This restructuring has and will continue to serve us well as we work with each of you to perform our professional services, without disruption, during this unique pandemic outbreak.
