INTEROFFICE MEMORANDUM

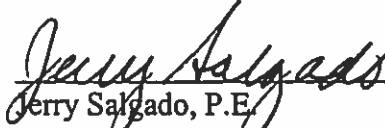

To: FILES Date: December 4, 1998

From: Jerry Salgado, P.E.
Austin Regional Office

Subject: INITIAL SITE INSPECTION - City of Austin Zilker Park Exception; MoPac
and Stratford Road; Austin, Texas; 30 TAC Chapter 213-Edwards Aquifer
Edwards Aquifer Protection Program File No. 98111601

An initial site inspection was conducted on December 3, 1998, to document conditions at the site prior to issuance of exception approval. Conducting the inspection was Jerry Salgado of the Austin Regional Office.

A site is a location of a landfill that was abandoned and covered with thin layers of soil. The site had a variety fill materials. West of MoPac, the site had tall vegetation. On the east side the site was covered with mowed grasses. There were several steel drums on the site that were full of unknown substances. The drums were located next to existing monitoring wells. No features were found at the site.
